By completing this form I understand that NIPS allows individuals to bring their companion birds to meetings, but NIPS is in no way liable for any injuries or illnesses that may occur to the birds while at the meeting or any time afterward. It is recommended that birds brought to a meeting have a physical exam with an avian veterinarian within the past year. It is also recommended that all birds have their wings clipped if attending a meeting. NIPS cannot be held accountable for illness or injury to any bird or person.
